Because I have been getting so many requests for a list of what birds I still have in my loft, I have decided to post my personal list here. It is a rough draft, but it makes sense to me. There are breeders on this list that I do not have posted on my website. If you have a question about a specific bird, please email me.

For the most part, I am sure about the sex of the birds as posted, but because I have not bred from any of my birds since 2006, I am not 100% sure on all of them. If you need confirmation of the sex about any specific bird, please let me know.

Thanks,
Scott
